**TRY IT! SUBSTITUTE FOR NASTY CALOMEL.**

Starts your liver without making you sick and cannot salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tonic is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tonic is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tonic is personally guaranteed by every druggist who sells it. A large bottle costs \$4 cents and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tonic is a pleasant tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tonic instead and feel fine, full of vigor and ambition.
